

EVERYTHING WE GOT

I'm feeling that I haven't been productive enough
like I got so much extraneous stuff on my mind
that I can't seem to find the time
to do something so simple, as to make lines rhyme
I do my best not to hate, not to fight, not to get jealous or spite
cause I've discovered that life's greatest crime just might be
failing to create, innovate, communicate one's ideas in a given time
and state of mind
so I'm stating mine immediately so I could make my qi flow with
such immediacy
to be the MC that spit the positivity which in my soul I feel
though I've never seen a danger clearer than that posed by the man
I fear above all others smothering me with his presence
I'ma steal the best of his essence, teach the rest of him a lesson
When I catch him staring at me in the mirror,
I'ma get a confession.

When you're locked in a bad spot, can't stop, don't stop, won't stop
give it everything you got.
When we're locked in a bad spot, Blockstop can't stop, don't stop, we
give it everything we got.

Living not to give in
but this shot needs taking
to create things but somehow I must be mistaken
willing to learn from every mistake I'm making
but it's harder in reality than people make it out to be
undoubtedly we evolve and problems get solved
still others emerge, leave us standing on the verge
of all things we've ever known, and the place we call home

and now I'm locked in a bad spot feeling all alone
I guess I'm not that versatile
it's not personal, no
I don't wanna name names
but in the end, I've got but yours truly to blame
but what you gonna do
when the answers right in front of you
I know one or two
who don't know what to do

In my head, most of what I had in mind was hazy
In bed, couldn't get up, was too lazy
It's tough to live like that though, you go crazy
So after months of doin' little I said maybe
it's time to write a rhyme and quit being a baby,
quit chasing ladies, let my muse invade me
persuade me that I got stuff to say daily
like the show, but with a flow to amaze thee

When you're locked in a bad spot,
can't stop, don't stop, won't stop
give it everything you got.
When we're locked in a bad spot,
Blockstop can't stop, don't stop,
we give it everything we got.

get outta the funk and find the feeling
search for it, don't get caught up in caution
go for it not just through the motions
I used to have it all, now not even a notion
